The 9th Annual Workers’ Compensation Educational Conference was held August 22nd & 23rd, 2019, at the Tuscany Suites and Casino. This year, 291 attendees 22 exhibitors and 2 sponsors participated in the conference. The return of many attendees year after year reconfirms the value of our program for the Nevada workers’ compensation community. The Conference included speakers and panels from a cross-section of industry professionals, including state regulators, attorneys and medical professionals, addressing topics such as workers’ compensation legislative update, subsequent injury, claimant fraud, return to work practices, social media culture, pain management and much more. Attendees and presenters engaged in lively participation, dialogue and exchanged ideas on various aspects of workers’ compensation and industrial relations, the hallmark of a successful conference.

The Workers’ Compensation Section hosts the annual conference in cooperation with the International Workers’ Compensation Foundation (IWCF). IWCF is a non-profit corporation that specializes in research and education regarding workers’ compensation. They sponsor numerous workers’ compensation conferences throughout the country each year.

We look forward to next year’s conference to be held September 24 & 25, 2020 at the Tuscany Suites and Casino. Hope to see you all there!

The Department of Taxation hosts a monthly basic training workshop for new and existing businesses in Nevada. This training workshop has been instrumental in providing information taxpayers need to know about how their account is handled within the Department of Taxation. The workshop is a great place to learn about taxpayers’ responsibilities, get answers to tax questions and learn about what to expect in the event of an audit.

In addition to the Taxation presentations, workshops include guest presentations by the Internal Revenue Service (IRS) on forms and reporting requirements; the State of Nevada Workers’ Compensation Section Employer Compliance Unit on workers’ compensation requirements; the Office of the State Treasurer on information regarding unclaimed property; and SCORE, a non-profit organization sponsored by the Small Business Administration, who will provide information on the free services and counseling they offer to businesses.

Anyone interested in attending a basic training workshop should contact the office of the Department of Taxation at (702) 486-2354 to make a reservation. https://tax.nv.gov/uploadedFiles/taxnvgov/Content/Meetings/ATA-Flyer-South-2019.pdf

The Regional Business Development Advisory Council hosted its 8th annual Committed to Our Business Community supplier outreach expo on August 22, 2019. The Workers’ Compensation Section (WCS) was able to reach out to and provide information on various topics to numerous Nevada business owners. This is one of the largest and most comprehensive business resource events in Las Vegas bringing together Nevada’s business community with local, state and federal government agencies as well as other resource organizations. There were approximately 71 exhibitors and over 300 attendees. This event assisted the WCS in achieving our goal to increase awareness and to educate employers on the statutory requirement for workers’ compensation. This in turn, will help to promote an organized and safe work environment and will help to prevent costly uninsured employer claims and employer sanctions. For more information you can visit their website at https://www.clarkcountynv.gov/administrative-services/purchasing/Pages/RegionalBusinessDevelopmentAdvisoryCouncil.aspx

Veterans Village

The Division of Industrial Relations (DIR) team will be collecting non-perishable food items and personal products from late September through November 7, 2019 to be delivered to Nevada’s veterans. This is the 4th year that DIR has partnered with Veterans Village to assist southern Nevada Veterans. Veterans Village has been caring for the needs of our homeless veterans for the last seven years. Future plans include Veterans Village Women’s and Family Housing as well as instant built houses, housing units made from a standardized, recycled ISO shipping container. We look forward to our ongoing relationship with such an important organization of our community.

Outreach to Nevada Consulate of Mexico

The Workers’ Compensation Section partners with the Nevada Consulate of Mexico monthly to increase awareness and inform Mexican and Latino communities about fundamental labor rights, as well as the resources available to them. The Consulate requested that WCS provide outreach for two hours each month in order to raise awareness within Nevada’s immigrant communities regarding labor rights.
The 2019 Nevada Legislature passed a number of workers’ compensation bills. As a result, some injured workers and their dependents are entitled to receive an increase in benefits starting in January 2020.

**Permanent Total (PT) Disability Benefits:**

Injured employees receiving Permanent Total (PT) Disability benefits resulting from an injury or disablement that occurred prior to January 1, 2004 are now entitled to a 2.3% annual increase in their monthly benefits paid by insurers starting in January 2020. These injured workers join the injured workers that are receiving PT benefits as a result of injuries or disabilities occurring on or after January 1, 2004 that are already entitled to the annual increase pursuant to NRS 616C.473.

**Senate Bill 377 (SB 377),** effective July 1, 2019, of the 2019 Nevada Legislature does 3 things:

1) Repeals NRS 616C.453 thereby eliminating the annual payment from DIR to injured employees who are receiving PT benefits as a result of an injury or disablement occurring prior to January 1, 2004;

2) Amends NRS 616C.473 to include all PT injured employees in providing for a 2.3% annual increase in the monthly benefit paid by insurers starting on January 1, 2020 and every January thereafter; and

3) Provides insurers the opportunity to request reimbursement from DIR for the costs associated with the increase in payments to those injured employees who receive PT benefits as a result of an injury or disablement occurring prior to January 1, 2004. Reimbursement requests can be made prior to March 31, 2021 for the payments made in 2020 and will be subject to WCS verification and approval.

WCS notified insurers and TPAs of the changes resulting from SB 377 via email on July 3, 2019. A copy of the notice can be found on our website under “What’s Hot!” – [SB 377 (2019) – Notice of Suspension of Annual PT Data Call (7/3/19)](https://www.wcs.nv.gov/). Injured workers that had received an annual payment from the DIR in 2018 pursuant to NRS 616C.453 and would likely be affected by SB 377 were notified by US Mail in August 2019 that they would not be receiving an annual payment from DIR in 2019 but can expect an annual increase in their monthly benefits from their insurer starting in January 2020.

**Death (Survivors’) Benefits:**

Widows, widowers, surviving children or surviving dependent parents who are entitled to death benefits pursuant to NRS 616C.505 are now entitled to a 2.3% annual increase in their monthly benefits paid by insurers starting on January 1, 2020.

**Assembly Bill 370 (AB 370),** effective July 1, 2019, of the 2019 Nevada Legislature does 3 things:

1) Provides a 2.3% annual increase in the monthly benefit paid by insurers to all survivors receiving death benefits starting on January 1, 2020 and every January thereafter;

2) Provides a “catch up” provision for establishing the benefit amount for which the 2.3% annual increase is applied starting in January 2020 for 2 groups of survivors:
   a) for those receiving benefits related to an injury or disablement occurring prior to January 1, 1989: 2.3% compounded 3 times;
   b) for those receiving benefits related to an injury or disablement occurring on or after January 1, 1989 and before January 1, 1994: 2.3% compounded 2 times; and

3) Provides insurers the opportunity to request reimbursement from DIR for the costs associated with the increase in payments to those survivors who receive death benefits as a result of an injury or disablement occurring prior to July 1, 2019. Reimbursement requests can be made prior to March 31, 2021 for the payments made in 2020 and will be subject to WCS verification and approval.

Insurers and TPAs are encouraged to familiarize themselves with the specific language in [SB 377](https://www.wcs.nv.gov/) and [AB 370](https://www.wcs.nv.gov/), and verify the accuracy of PT rates and survivors’ benefit amounts prior to January 2020 to avoid inaccurate calculations and payments. WCS will provide additional information regarding instructions for requesting reimbursements and possible training opportunities related to SB 377 and AB 370 as they become available.
The Annual Permanent Total (PT) Disability Claim Reports (NRS 616C.453) reporting is no longer required starting in 2019. Senate Bill (SB 377) of the 2019 Nevada Legislature repealed NRS 616C.453 effective July 1, 2019. Insurers were notified of the suspension of the annual PT data call via email notification on July 3, 2019. For more information, see the notice to insurers and third-party administrators on our website at [http://dir.nv.gov/uploadedFiles/dirnvgov/content/WCS/InsurerReportingDocs/Notice%20of%20Annual%20PT%20Data%20Call%20Suspension%207-3-19.pdf](http://dir.nv.gov/uploadedFiles/dirnvgov/content/WCS/InsurerReportingDocs/Notice%20of%20Annual%20PT%20Data%20Call%20Suspension%207-3-19.pdf).

Watch for our annual email requiring insurers to review and update their Insurer Information Forms in CARDS coming soon. Insurers must notify WCS of any changes such as name, address, phone and fax numbers, as well as changes in TPAs by submitting an Insurer Information Form via our CARDS web portal annually and within 30 days of any changes.

TPAs must also notify WCS of any changes in contact information within 30 days by submitting the TPA Information Form via the CARDS web portal. (OD-8) Occupational Disease Claim Report(s) (NRS 617.357) is an ongoing reporting requirement. The OD-8 form was updated in July 2018 to include the claimant’s first and last name and appeal number fields to assist the DIR in implementing and enforcing the requirements set forth in AB 267 (2017). Please remember to report updates to reportable claims such as appeals and decision information, estimated claim costs, claim closure and reopening information. Proof of Coverage (POC): Private carriers must also report information to NCCI within 15 days of the effective date of the issuance, renewal, cancellation, nonrenewal, reinstatement or reissuance of a policy of workers’ compensation insurance. Private carriers are reminded that nonrenewal transactions are required to be reported, because Nevada is not a continuous coverage state. See NCCI Circular FYI-POC-NV-2019-01 on our website for more information: [http://dir.nv.gov/uploadedFiles/dirnvgov/content/WCS/InsurerReportingDocs/FYI-POC-NV-2019-01.pdf](http://dir.nv.gov/uploadedFiles/dirnvgov/content/WCS/InsurerReportingDocs/FYI-POC-NV-2019-01.pdf).

A D-35 Request for a Rotating Physician or Chiropractor must be submitted to WCS prior to any PPD impairment evaluation being scheduled with a rater. Before WCS can process a D-35, the claim must be reported to the Claims Index System. If the claim has not been reported, submit the D-38 Injured Worker Index System Claims Registration Document via the CARDS web portal or by submitting the fillable form found on our website.
