MAXIMUM COMPENSATION

FISCAL YEAR 2017

The state Average Weekly Wage for computing maximum disability compensation for Fiscal Year 2017 has been certified by the Nevada Department of Employment, Training and Rehabilitation, Employment Security Division, to be \$853.82 per week. Nevada Revised Statutes (NRS) 616A.065 requires the average monthly wage to be capped at 150 percent of the state Average Weekly Wage, multiplied by 4.33.

Maximum Average Monthly Wage

$$\$853.82 \times 150\% \times 4.33 = \$5,545.56$$

Maximum disability compensation in Nevada is 66-2/3 percent of the Average Monthly Wage (NRS 616A.065 and 616C.475). If the earned wage on the date of injury was less than \$5,545.56 per month, compensation is 66-2/3 percent of the actual earned wage.

$$\$5,545.56 \times 66 \frac{2}{3}\% = \$3,697.04$$

$$(\$5,545.56 \times 8 \div 12 = \$3,697.04)$$

MAXIMUM COMPENSATION

Per month .....	\$3,697.04
Per day (\$3,697.04 ÷ 30.44).....	\$121.45
Per week (\$121.45 X 7).....	\$850.15
14 day (usual payment) (\$121.45 X 14).....	\$1,700.30
