RE: DIR Workers' Compensation Section Treating and/or Rating Panels

Dear Health Care Providers:

Thank you for your interest in the State of Nevada, Division of Industrial Relations (DIR) Workers' Compensation Section (WCS) Treating Panel of Physicians and Chiropractors and/or the Rating Panel of Physicians and Chiropractors.

The DIR/WCS recently issued correspondence dated June 7, 2019 notifying applicants to either of these panels, of a temporary moratorium in accepting these applications due to recent legislative changes. The DIR/WCS was anticipating the moratorium would end tentatively in January of 2020.

After careful consideration, the DIR/WCS is lifting the moratorium and will be accepting applications for the Treating Panel of Physicians and Chiropractors and/or the Rating Panel of Physicians and Chiropractors. The DIR/WCS considers the panel listings to be "living documents" and as such, recognizes the importance of continuing to update the listings with current health care providers. The applications received by the DIR/WCS in the future will be reviewed and processed in the usual manner.

However, because there are mandated changes to the panels due to the recent legislative changes, you may be asked for additional information or to complete a revised application when the changes to the panels are implemented, at a later date.

Please continue to monitor our website for updates. We appreciate your interest in providing services to Nevada's injured employees and those with occupational conditions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sherry Crance".
