Meeting Password: Council0122

NOTICE

1. Items listed on the Agenda may be taken out of order;
2. Two or more items on the Agenda may be combined;
3. Items of the Agenda may be removed or delayed at any time; and
4. Public comment may be limited to two (2) minutes per speaker in the discretion of the chair. No action may be taken on any matter raised during public comment. Public comment will not be restricted based on viewpoint, but must be relevant to, and within, the authority of the Advisory Council.

AGENDA

1. Call to Order; Roll Call; Introduction of Advisory Council members (Secretary); and establishment of a quorum.
2. Public Comment (*see* Notice 4) (Chair)
3. **FOR POSSIBLE ACTION:** Selection of Chair and Vice Chair for 2022 term.
4. **FOR POSSIBLE ACTION:** Approval of Minutes from the October 12, 2021 meeting (Chair)
5. **FOR DISCUSSION:** DIR 2021 Accomplishments and Key Issues

CARSON CITY
400 West King Street
Suite 400
Carson City, NV 89703
(775) 684-7270

LAS VEGAS
3360 West Sahara Avenue
Suite 250
Las Vegas, NV 89102
(702) 486-9080

- a) Administrator’s Update (Victoria Carreón)
 - b) Mine Safety and Training Section-MSATS (Jeff Bixler)
 - c) Safety Consultation and Training Section-SCATS (Todd Schultz)
 - d) Mechanical Compliance Section-MCS (Brennan Paterson)
 - e) Workers’ Compensation Section-WCS (Chuck Verre)
 - f) Occupational Safety and Health Administration (William Gardner)
6. **FOR POSSIBLE ACTION:** Annual report of the Administrator of delinquent debts from the preceding year to request that the Board of Examiners designate such debt that is impossible or impractical to collect as bad debt pursuant to NRS 232.605.(Victoria Carreón)
7. **FOR DISCUSSION:** Regulations Update (Christopher Eccles, Brennan Paterson, William Gardner, Chuck Verre)
- a) Mechanical Compliance Section
 - 1) [R033-21P](#)– Implementation of SB205 provisions related to water heaters
 - 2) [R034-21P](#)– Clean-up regulation, including certification requirements to do construction and alterations on an elevator.
 - b) OSHA
 - 1) [R053-20RP1](#) – Heat Illness
 - 2) [R069-20P1](#) – OSHA Penalty Reduction Factors and other clean-up
 - 3) [R044-20RP2](#) – Violence in Medical Facilities
 - c) Workers’ Compensation
 - 1) [R134-20I](#) – Workers’ Compensation SB381 changes from 2019 Legislative Session
 - 2) [R032-21I](#) – Workers’ Compensation SB289 changes from 2021 Legislative Session
8. **FOR DISCUSSION:** Review and comments on OSHA quarterly complaint report July – September 2021 (NRS 618.336 and NRS 232.600) (William Gardner)
9. **FOR DISCUSSION:** Review of OSHA quarterly report on violations of NRS 618.375 July – September 2021 (NRS 618.347) (William Gardner)
10. **FOR DISCUSSION:** Worker safety issues for the underground tunneling project for the Encore, Convention Center, Resorts World and 28-mile loop on Las Vegas Blvd. (William Gardner and Jeff Bixler)
11. **FOR DISCUSSION:** Agenda items for next scheduled meeting. (Chair)
12. **FOR POSSIBLE ACTION:** Discussion on possible investigations or studies to be conducted (NRS 232.600). (Chair)
13. Public Comment (*see* Notice 4) (Chair)
14. Adjournment. (Chair)

Any person with a disability as defined by the Americans with Disabilities Act who requires special assistance to participate in the meeting may contact, at least five (5) business days prior to the meeting,

Amanda Guimont by emailing ADACoordinator@dir.nv.gov, or by calling (702) 486-9100 to arrange for reasonable accommodations.

Copies of the supporting (not privileged and confidential) material may be obtained upon request by emailing AGuimont@dir.nv.gov, calling Amanda Guimont at (702) 486-9100, or mailing a request to the Division of Industrial Relations, 3360 West Sahara Avenue, Suite 250, Las Vegas, NV 89102, Attention Amanda Guimont.

This Notice and Agenda has been posted at the following locations:

- Division of Industrial Relations, 3360 West Sahara Avenue, Suite 250, Las Vegas, Nevada 89102
- Division of Industrial Relations, 400 West King Street, Suite 400, Carson City, Nevada 89703

This Notice and Agenda has also been posted at the following website addresses:

Division of Industrial Relations Notice of Meeting at <http://dir.nv.gov/meetings/meetings>

Nevada Public Notices at <https://notice.nv.gov>

DIVISION OF INDUSTRIAL RELATIONS ADVISORY COUNCIL
Minutes of the Meeting, Tuesday, October 12 ,2021

1. Call to Order and Roll Call

At 10:00 a.m. on October 12, 2021, the meeting of the Advisory Council for the Division of Industrial Relations (DIR) via videoconference between Las Vegas DIR and Carson DIR office was called to order by chairman Paul McKenzie. Roll Call was taken by Amanda Guimont.

The board member present in the Carson City office was Paul McKenzie. William Spiegel was present in the Las Vegas office. Ian Langtry and William Stanley attended via WebEx. It was determined a quorum was present.

DIR staff present at the Las Vegas Office were Victoria Carreon, Chuck Verre, Brennan Paterson, Todd Schultz, Christopher Eccles, William Gardner, and Amanda Guimont. Jeff Bixler attended in the Carson City office. Karissa Neff from the Attorney General's Office attended in the Las Vegas office.

2. Public Comment on items to which actions may be taken

No items for public comment were raised.

3. Approval of Minutes of Previous Meeting – July 14, 2021. Bill Stanley made a motion to approve the minutes of the July 14, 2021 meeting as presented. William Spiegel seconded the motion. The motion was approved unanimously.

4. Introductions of new OSHA Chief Administrative Officer and Senior Division Counsel (Victoria Carreon). Victoria introduced William Gardner as the new Chief Administrative Officer and Christopher Eccles as the new Senior Division Counsel.

5. Regulation Update (Christopher Eccles, Brennan Paterson, William Gardner, Chuck Verre)

a. Mechanical Compliance Section (Brennan Paterson) MCS has submitted initial drafts of two additional regulations to Nevada administrative code 455C. They are currently under LCB File Numbers RO33-21I and R034-21I.

1) RO33-21I: has to do with the equipment and apparatuses used in connection with a water heater. During the last legislative session some changes were made which exempted all water heaters under a certain size from regulation by the MCS. The legislature directed the division to come up with regulations on how to govern equipment and apparatuses used in connection with water heaters.

2) RO34-21I: Is a general clean up regulation. It takes care of some things that we wanted to change previously and brings MCS regulations in line with industry standard and with some of our adopted regulations. Bill Stanley asked when the public hearings will be scheduled. Chris Eccles needs to schedule a detailed phone call with Angela at the LCB so they can go over the status of all

regulations since he took over from Mr. Smith. He plans to follow up with LCB consistently.

b. OSHA (William Gardner). OSHA has three regulations that are in the LCB process right now.

- 1) **RO53-20RP1: Heat Stress Standard.** This regulation imposes certain duties on employers whose employees are exposed to current high temperatures. It requires creation of heat illness program. It requires employers to provide potable drinking water and access to shade. There is also a rest provision in the standard. It requires employers to provide employees with training related to heat illness and imposes certain requirements on the employer when an employee shows signs or symptoms of heat illness. It's scheduled for an adoption hearing on October 14, 2021.
- 2) **RO69-20P: Penalty Reduction Factors and clean up.** This regulation sets certain factors to consider when assessing and adjusting penalties for violations. It includes certain information that is required to be submitted to the Administration before a tower crane is erected or dismantled. It covers the revision of requirements for the application of licensing for photovoltaic installers. Provides requirements for storage of particular hazardous chemicals and sets language that revises investigative techniques which an inspector may employ while conducting an inspection, and it imposes certain duties and requirements for asbestos contractors and asbestos abatement contractors licensing allegations. It's at its final stages of editing at LCB.
- 3) **RO44-20RP2: Violence in Medical Facilities.** This regulation establishes time periods in which medical facilities are required to report certain incidences of workplace violence. It establishes certain requirements for procedures in a medical facility plan for the prevention and response to workplace violence. It establishes certain requirements for certain measures to prevent or mitigate risks of workplace violence and requires a medical facility to maintain, record and review a log of information related to incidents of workplace violence. The next step is to do an informational statement.

c. Worker's Compensation (Chuck Verre).

- 1) **R134-20:** The purpose of this regulation is to implement the provisions of SB381 from the 2019 Legislative Session. It was sent to the Legislative Counsel Bureau reviewer on the 21st of August and it remains in LCB. It provides requirements for certifying a list of treating physicians and chiropractors. It also allows for an extension of a rating panel in the event the administrator would approve that. It also defines concurrent wages and clarifies the method by which the calculation of those wages should be made. It also revises provisions governing specific items which must be included in claim files.
- 2) **RO32-21I:** The purpose of this regulation is to Implement the provisions set forth in SB289 from the 2021 Legislative Session. A draft was sent to the Legislative Counsel Bureau on the 21st of August and remains in their hands. This provides stricter rules on apportionment of pre-existing conditions and requires health care records or physical evidence of apportionment when it is

appropriate. It required changes to workers' compensation forms. Bill Spiegel asked for clarification on SB381 on the problem of getting doctors to do rating exams. Is it because they are not getting paid or because doctor's feel that amount is not enough? Chuck Verre clarified that it's essentially for the panel of physicians that do the review of the ratings, not the rating physicians. Mr. McKenzie questioned why it took 2 years to come up with regulations for SB 381. Victoria Carreon explained that the initial draft was sent to LCB in July of 2020 which was a little later due to the pandemic and office staffing. It took LCB a year and 3 days to return it to us. Once we got it back, we still needed to make some revisions, so what went over to them in August were our revisions. We have not had workshop on it yet.

6. FOR DISCUSSION: Workers' Compensation Form updates from SB289 (Chuck Verre)

As a result of SB289 changes were required to some of the forms which are used to manage and to implement benefits to injured workers when they get hurt on the job.

- a. **C-4 Employee's Claim for Compensation** – This form was changed as a result of SB289, which became effective as of May 31st, 2021. Prior to SB289, the terms chiropractor and physician were used throughout the form. SB289 expanded eligible treaters to include Physician's Assistants and APRN's, who can now sign these forms and examine injured workers when they present themselves at the physician's office.
- b. **C-4 Fillable Form** – This is an electronic version of Form C-4.
- c. **C-4A Release of Medical and Other Information for Nevada Worker's Compensation Claims** – This is a new form that is required only if the C-4 is signed electronically. If there isn't a wet signature on the C-4, then the C-4A has to be provided with a wet signature.
- d. **D-10 (a) Election of Method of Payment of Compensation**- This form was revised to allow injured workers to make determinations with regard to how they wish to be paid when their claim is closed.
- e. **D-10 (b) Election of Method of Payment of Compensation**- This form was revised to allow injured workers to make determinations with regard to how they wish to be paid when their claim is closed.
- f. **D-11 Reaffirmation- Retraction of Lump Sum Request**: This form allows the injured worker one last opportunity to retract or request one lump sum.

7. Review and comments on OSHA quarterly complaint report April – June 2021(NRS 618.336 and NRS 232.600) (William Gardner)

Paul McKenzie thanked William Gardner for the new format of the OSHA quarterly complaint report. Mr. McKenzie would like to know if Park 7 Development had a pre-job meeting, and how an 8-story building got to eight stories without a man lift? Bill Gardner informed Mr. McKenzie that yes, they would have had to have a pre-construction meeting and that he will get back to him with more detail.

8. Review of OSHA quarterly report on violations NRS 6818.375 April -June 2021 (NRS 618.347 April – June 2021 (NRS 618.347) (William Gardner)

No questions or comments.

9. Worker safety issues for the underground tunneling project for the Encore, Convention Center, Resort World and 28-mile loop on Las Vegas Blvd (William Gardner)

William Gardner informed members that in recognition of the fact that council members and regional office had some concerns at the OSHA Federal level, he met with the boring company on October 6th and preemptively addressed the concerns that were brought to our attention and got a construction update from them. A follow up site walk is scheduled for November. OSHA will plan to do an inspection, but no dates or advances notice can be given. They are being watched, we are in discussion, and they are keeping employee's safe. William Gardner confirms that OSHA will be monitoring and has jurisdiction over the project. Bill Stanley asked if there is any discussion of making this a special project like we did for the underground tunneling project at Las Vegas Valley Water District? William Gardner stated that he cannot speak to that. At this point there is no plan for a special project, but we are monitoring it closely and will increase our efforts if need be. Bill Stanley voiced his concerns on what standard this is going to be built to because it is hard to determine what safety precautions are necessary if you don't know what standard is going to be used. Paul McKenzie is concerned that regardless of how it is built, there is going to be pressure on this tunnel, and they must figure out what standard they need to support that tunnel. Mr. McKenzie would like to know if some of the members of the advisory board can attend the walk thru so they can see firsthand how they are addressing these issues. Victoria Carreon stated that our counsel will have to look into that.

10. Development of worker safety standards during periods of hazardous air quality due to wildfires (William Gardner)

Bill Gardner noticed that states on the West Coast have created emergency standards regarding hazardous air quality during wildfires and he in the beginning stages of creating one for Nevada. He would like guidance, thoughts, or recommendations from the members. Paul McKenzie, Bill Stanley, and Ian Langtry thanked William Gardner for his effort and think he is on the right track.

11. Agenda items for next scheduled meeting. (Chair)

- a. Work safety issues for the underground tunneling project for the Encore, Convention Center, Resorts World, and 28-mile loop on Las Vegas Blvd.

12 Possible investigations or studies to be conducted (NRS 232.600). (Chair)

None

13 Public Comment

No Public Comment

14. Adjournment:

Motion to adjourn at 11:00 am by Bill Stanley and seconded by William Spiegel.

WORKING TOGETHER TO PUT SAFETY AND HEALTH FIRST IN NEVADA

Division of Industrial Relations

ADVISORY COUNCIL MEETING

WEDNESDAY, JANUARY 5, 2022

Item 5a: Administrator's Update

Victoria Carreón

- **Major Accomplishments in 2021**

- COVID-19 response
 - SCATS: Technical assistance and outreach
 - OSHA: Enforcement
 - SCATS: Event and sports activity approval
- Implementation of legislation and regulations
- Reconciliation of bad debt in the Uninsured Employers Claims Account

- **Major Priorities in 2022**

- Continued COVID-19 response
- Digitization Initiative
 - Scanning of paper files
 - OSHA and SCATS electronic casefile management
 - Development of priorities for enhancements to workers' compensation database- CARDS
 - Development of requirements for new databases for boilers, asbestos and photovoltaic testing
- Development of legislative and budget priorities for 2023
- Complete adoption and implementation of regulations

Item 5b: Mine Safety and Training Section

Jeff Bixler

- **Safety and Health Inspections**

- Completed a Total of 549 Mine Inspections
- Completed 1,960 Technical Assistance and Consultation Requests

- **Training**

- Completed a Total of 45 Training Classes
- New Miners Trained – 348
- Annual Refresher Miners Trained – 1,127
- Military Trained - 92

Item 5c: Safety Consultation and Training Section

Todd Schultz

FY2021

- Strategic Plan Surveys - 612
- Serious Hazards Corrected – 2,416
- Employees Trained – 5,097
- Technical Assistance – 9,618
- Voluntary Protection Program Sites (VPP) – 10
- Safety and Health Achievement Recognition Program Sites (SHARP) – 29

Item 5d: Mechanical Compliance Section Brennan Paterson

- Construction activity for boilers, pressure vessels, and elevators was robust in 2021, despite COVID-19 and supply chain limitations. Over the course of the year, permits were granted for the following:
 - Over 350 permits to construct new elevators.
 - Over 350 permits to alter existing elevators.
 - Over 2200 permits to install or relocate boilers and pressure vessels.
- Over the course of 2021, several thousand microbulk CO2 tanks and other regulated pressure vessels which were installed without permit have been discovered and addressed through the enforcement process, resulting in a safer Nevada.
- The MCS has developed systems and procedures to better notify owners of their annual permit expiration, need for testing, and violations notated during testing, resulting in a significant increase in compliance with boiler and elevator safety codes.

Item 5e: Workers' Compensation Section Chuck Verre

- WCS staff attended the 108th meeting of the International Association of Industrial Accident Boards and Commissions (IAIABC). This was the second time the meeting was 100% virtual. The discussion during the conference was centered on reminding all parties that all aspects of workers' compensation must be governed by compassion.
- WCS training continues to be conducted virtually.
- The annual Nevada Workers' Compensation Educational Conference will be in-person and is currently set for September 15-16, 2022.
- Recently filled two key positions in the WCS Carson office. This has had a positive effect on overall office efficiency and morale.

Item 5f: Occupational Safety and Health Administration

William Gardner

Accomplishments:

- Managed second year high volume of complaints and referrals with minimal disruption.
- Internal Promotions: 6 (Chief Administrative Officer, Program Coordinator, and 4 Supervisors)
- Ongoing progress towards goal of 100% digital.
 - Expected completion end of Q1 or early Q2 2022.

Key Issues:

- Filling CSHO vacancies due to qualified candidate shortages.
- Managing federal ETS 2 uncertainty and related public concerns.

Implementation of AB482 from Controller's Office

State Professional and Occupational License Reports (SPOLR)

- The State Controller's Office (SCO) implemented Section 4 of Senate Bill 21 of the 2013 legislative session, codified as NRS 353C.1965.
- The Assembly Bill 482 of the 2021 legislative session will be codified in NRS 353C.1965

AB482 Chapter 381

Effective July 1, 2021.

Revises provisions relating to state business licenses. (BDR 7-1144)

Changes:

The AB-482 affects the NRS 353C.1965:

Section 2 of this bill makes these provisions of existing law applicable to state business licenses issued by the Secretary of State so that: (1) the Secretary of State is required to provide to the State Controller certain information concerning persons to whom the Secretary of State has issued a state business license.

Renewal Period: January 1st through June 30 – Report is due to SCO on August 1st of the same calendar year.

Renewal period: July 1st through December 31st – Report is due to SCO on February 1st of the following year.

Summary:

Agencies that provide professional or occupational licenses must submit the SPOLR report to the State Controller's Office (SCO). This report must include the licenses who renewed their license during the renewal period.

The SCO will use this list to compare against the list of active debtors who owe the State of Nevada money. If a match is found, the SCO will send a certified letter to the debtor (licensee) requesting payment of the debt. If the debtor does not respond or does not pay the debt, SCO will notify the licensing agency to not renew his/her license at the next renewal period.

As per the new changes (AB-482) Secretary of State will submit the SPOLR report to the SCO.

SPOLR Step by Step Procedures

On February 1 and August 1 of each year, the Controller's Office will receive a list of licensees from the appropriate licensing agencies.

Shortly thereafter, the Controller's Office will compare the list of licensees with the list of debtors maintained by the Controller's Office to determine if a licensee is also a debtor.

If the Controller's Office determines that a licensee is a debtor, the Controller will send notice to the licensee. The notice will be sent by certified mail to the last known address provided by the licensing agency and must include:

- The amount of the debt;
- A request for payment of the debt;
- Notification that the licensee may enter into an agreement with the State Controller pursuant to NRS 353C.130 for the payment of the debt;
- Notification that the licensee must respond to the notice within 30 days after the date on which the notice was sent;
- Notification that the licensee may request a hearing to determine the validity of the debt not later than 30 days after the date on which the notice was sent; and
- Notification that the licensing agency is prohibited from renewing the license of the licensee unless the licensee pays the debt, enters into an agreement for the payment of the debt pursuant to NRS 353C.130 or demonstrates to the State Controller that the debt is not valid.

Based on the notification sent to the licensee, the following may occur:

- If the licensee responds to the notice and pays the debt in full or enters into a payment plan and remains in compliance with the payment plan, the Controller will not send notice to the licensing agency and there is no impact on the license.
- If the licensee requests a hearing to determine the validity of the debt, the Controller will hold a hearing with the licensee. After the hearing:
 - If the debt is determined to be valid, the Controller will request the payment of the debt.
 - If the licensee pays the debt or complies with a payment plan, the Controller will not send notice to the licensing agency and there is no impact on the license.
 - If the licensee refuses to pay the debt, or comply with a payment plan, the Controller will notify the licensing agency that the licensee refuses to pay the debt.
 - If it is determined the debt is not valid, the licensee will be removed from the debtor list. The Controller will not send notice to the licensing agency and there is no impact on the license.
- If the licensee fails to respond to the notice, the Controller will notify the licensing agency that the licensee refuses to pay the debt. The licensing agency is prohibited from renewing the license the next time it comes up for renewal.

 Agenda Item 8 - Quarterly Oral Complaint Report (7.1-9.30)

UPA #	Establishment Name	DBA	UPA Receipt Date	Receipt Type	Letter of Inquiry	Inspection	UPA Open/Closed	Severity-Subject	Hazard Desc & Location	Inspection Results / Comments
C-1782690	FULCRUM BIOENERGY, INC.		07/01/2021	Phone	N	Y	Closed	S-Health	1. One employee was taken by ambulance on 7/1/21 at approximately 2:00pm to an area hospital after fainting in the warehouse due to heat exhaustion caused by a lack of air conditioning (118 degrees recorded in warehouse). 2. Air quality is poor in the warehouse due to the chemicals being used and lack of adequate ventilation causing employees to have headaches and feeling ill.	No citations issued
C-1783540	Las Vegas Hampton Inn Tropicana		07/06/2021	Phone	Y	N	Closed	S-Safety	1. 1. Employees are required to confront unruly homeless guests that are in their rooms and other individuals in or around the hotel that are being disruptive. Employees are exposed to serious workplace violence hazards. 07/06/2021 rr	Resolved through inquiry process.
C-1783581	Goodwill Industries of Southern Nevada	Goodwill Retail Store and Donation Center	07/06/2021	Phone	Y	N	Closed	S-Safety	1. The employer does not ensure that exit routes are free and unobstructed. Pallet jacks and pallets are loaded with donated items and are constantly blocking the exit route. 2. Employees are concerned that the employer is storing flammable liquids near an exit route. Paint thinner, lamp oil and other flammable liquids are being stored near the loading ramp. 07/06/2021 rr	Resolved through inquiry process.
C-1785073	Ontrac		07/06/2021	Phone	Y	N	Closed	O-Health	1. Employees believe that the employer doesn't provide employees who work inside semi-trailers under excessive heat conditions with an adequate supply of water. Outside, the ambient temperature is 111 degrees, with the inside temperature assumed to be higher. There is one working water fountain for the entire warehouse. There are other water fountains in the building, but the employer has them shut off for unknown reasons. 2. The employer doesn't allow adequate break time for workers who are working inside semi-trailers loading and unloading materials onto a conveyer system. The employer allows ten-minute breaks, which includes lunch. Employees feel that this is inadequate. 3. An employee working inside a semi-trailer passed out today from the heat. That worker went home. Hazard Location: Semi-trailers at the loading dock being loaded and unloaded from inside the semi-trailers. Employees work inside the trailers placing materials on a conveyor belt to load or unload the trailers. 7/6/2021 RAO	Resolved through inquiry process.
C-1785083	Caesar's Entertainment LLC	Harrah's Hotel and Casino	07/06/2021	Phone	Y	N	Closed	O-Health	1. Employees are concerned that the employer is not providing potable drinking water in amounts that are adequate to meet the health and personal needs of each employee. Housekeeping supply rooms contain empty drinking water containers and have not been refilled for approximately 4 weeks. Housekeeping employees are prohibited from refilling their personal water container in any other area during working hours. Hazard location: Housekeeping supply room located on each floor of guest rooms. 7/6/2021 EH	Resolved through inquiry process.
C-1785070	Towbin Automotive Holdings, Inc.	Towbin Kia	07/07/2021	Phone	Y	N	Closed	O-Health	1. The employer is not ensuring that the mechanic bay area is sufficiently ventilated. Employees are experiencing heat-stress-related symptoms due to the swamp coolers operating inefficiently. Hazard location: Mechanic bay area. 07/07/2021 NC	Resolved through inquiry process.

C-1802136	Belmar Integrated Logistics		08/24/2021	Phone	Y	N	Closed	S-Safety	1. Employees are not operating the forklifts in a safe manner. Forklift operators have struck steel storage racks and equipment during normal operations.	Resolved through inquiry process.
C-1802069	INFOSYS BPM		08/24/2021	Phone	N	N	Open		1. Employer not allowing employees to get COVID-19 testing from the employees own doctor. 2. Employer not accepting COVID-19 test results from employee doctors.	Resolved through inquiry process.
C-1807878	Nevada Yellow Cab Corporation		08/26/2021	Phone	Y	N	Closed	S-Health	1. A new policy has been adopted that prevents Cab Driver employees from rolling down windows for ventilation under any circumstance whether the taxicab is driving or parked. Employees are concerned that the lack of airflow greatly increases the risk of contracting COVID-19 from any passengers, especially those who show symptoms of an active COVID-19 infection. Hazard Location: Throughout. 8/26/2021 bb	Resolved through inquiry process.
C-1803789	Family Dollar		08/26/2021	Phone	Y	N	Closed	S-Health;S-Safety	1. Employees are being potentially verbally and physically harassed by customers during normal work activities and when advising customers to put on face covers.	Resolved through inquiry process.
C-1815766	Madison Square Garden Entertainment Corp.		08/26/2021	Phone	N	N	Closed	O-Health	1. African American employees fear workplace violence after a noose was found hanging 100 feet outside of the elevator on the floor that most African American's work. Despite the statements that were given to the media by the employer, nothing has been done at the worksite in order to assure employee safety following the event. Hazard Location: Throughout the MSG Sphere Las Vegas; the noose was found on the 7th floor. 08/26/2021 KO	Resolved through inquiry process.
C-1804849	Family Dollar		08/27/2021	Phone	Y	N	Closed	S-Safety	1. One of the store's emergency exit doors is locked during business hours. The door does not have an emergency push bar.	Resolved through inquiry process.
C-1804855	Family Dollar		08/27/2021	Phone	Y	N	Closed	S-Safety	1. One of the store's emergency exits is blocked by pallets of dog food.	Resolved through inquiry process.
C-1804843	Family Dollar		08/27/2021	Phone	Y	N	Closed	O-Health	1. The store does not have chemical SDS readily available to employees in their work areas.	Resolved through inquiry process.
C-1804039	TITAN SOLAR POWER NV INC	TITAN SOLAR POWER	08/27/2021	Phone	Y	N	Closed	S-Safety	1. Pallet racking throughout the warehouse has physical damage to support members and is not secured to the concrete floor. 2. Materials stored on pallet racking are not stable and secured against sliding or collapse. 3. Walking-working surfaces throughout the warehouse are cluttered with metal straps, nails, and sharp edges protruding from the panels.	Resolved through inquiry process.
C-1805317	GARDNERVILLE HEALTH AND REHABILITATION CENTER		08/31/2021	Phone	N	N	Closed		1. Non-vaccinated employees are required to take a COVID-19 test twice a week that is provided by the employer that exposes them to a chemical carcinogen called Ethylene Oxide.	Resolved through inquiry process.

C-1806354	Oasis Behavioral Treatment Center		08/31/2021	Phone	Y	N	Open	S-Health	1. Staff working in residential units have tested positive for covid-19. The patients within the unit are under quarantine but staff have not been told they need to wear PPE such as gowns, shoe coverings, N95 masks, and gloves. Currently, employees are just wearing disposable face masks. 2. Contact tracing is not being conducted. Employees who worked with those who tested positive and were exposed for 15 minutes or more over a 24-hour period, found out about the positive cases from residents. Employees are concerned that they are not being provided the opportunity to quarantine after being exposed. 3. Employees are tested after being exposed but the results are delayed, sometimes taking more than a week. During this time, employees could be positive and still working. HAZARD LOCATION: Residential units 8/31/2021 RW	Resolved through inquiry process.
C-1806420	Liquor World		09/01/2021	Phone	N	N	Closed	O-Health	1. The employer is not complying with the Governor's COVID-19 mandate in regard to patrons wearing face coverings. Employees are wearing masks, but patrons are not. The employer is not enforcing the mask mandate policy. HAZARD LOCATION: Throughout the store. 9/1/2021 RW	Resolved through inquiry process.

C-1816270	Republic Silver State Disposal, Inc.	Republic Services of Southern Nevada	09/27/2021	Phone	Y	N	Closed	S-Health	1. Approximately 9/24/2021, there was a fire at the facility and the water sprinkler system did not activate. Several employees were stuck at Ramp #1 and Ramp #2, while inside their trash collecting vehicles, due to the piles of trash that had accumulated around them. The establishment had a recent fire on 9/13/2021 at their recycling center where the water sprinkler system did not activate. 2. When medical waste is disposed of in compactors, blood and biohazards leak out around the compactors, onto the walking-working surfaces that employees must use to commute from one work area to another, and inside the trucks. 3. The employer is not complying with the Governor's COVID-19 mandate in regard to employees wearing face coverings. Two managers and an employee tested positive for COVID-19 in the past two weeks and were not wearing face coverings, potentially exposing other employees during debriefing meetings. 4. The employer is not complying with the Governor's COVID-19 mandate in regard to employees testing positive at the workplace. At least one employee was symptomatic while working and there is concern that the employer did not disinfect the facility or conduct contact tracing after learning of employees having tested positive for COVID-19. Hazard Location: Ramps, compactors, trash collecting trucks, debrief rooms, dispatch rooms. 9/27/2021 bm	Resolved through inquiry process.
C-1816488	The Linq Hotel & Casino		09/27/2021	Phone	N	N	Closed	S-Health	1. C-1817196	Burlington Coat Factory Warehouse		09/28/2021	Phone	Y	N	Open	O-Health	1. Over the past couple months, rats have been found under the registers, eating food in the home department, in the trash, and throughout the receiving department due to a rat infestation. Rat urine/feces can be found throughout the store as well. Two weeks ago, pest control came out to assess the infestation. The employer was then advised that the infestation would take a while to resolve and has since advised employees that a bid was sent to corporate to address the infestation. Since that information was provided two weeks ago, no changes have occurred to combat the infestation. Hazard Location: Throughout the store. 9/28/2021 bb	Resolved through inquiry process.
C-1817500	Republic Silver State Disposal, Inc		09/29/2021	Phone	Y	N	Closed	S-Health	1. The employer is not complying with the Governor's COVID-19 mandate in regard to employees wearing face coverings. Employees and drivers at the Roll Off offices and area are not wearing masks. 2. The employer is not complying with the Governor's COVID-19 mandate in regard to quarantining employees who have tested positive for COVID-19. Five employees have tested positive for covid and were told to come to work by the supervisor. HAZARD LOCATION: Office and roll off area at 3060 North Commerce Street address.	Resolved through inquiry process.
C-1817352	ALLIE & FRIENDS		09/29/2021	Phone	Y	N	Closed	S-Health	1. Failure to comply with the mandate for employees to wear face coverings. Thirteen employees (teachers) observed not wearing face coverings throughout the establishment.	Resolved through inquiry process.
C-1818358	The Orleans Hotel & Casino		09/30/2021	Phone	Y	N	Closed	O-Health	1. Employees are required to wear a disposable paper type mask while working. The employer only provides one size of mask. In some people, the mask is too big and presents a hazard as it has to be constantly adjusted as it slides up over the eyes, especially when bending over to pick up items off the floor. HAZARD LOCATION Throughout. 9/30/2021 RW	Resolved through inquiry process.

Advisory Council
NRS 618.347 – Report Concerning Issuance of NRS 618.375
General Duty Citations by the Division
Quarter 4 / FY21: July, 2021 to September, 2021

1. Dan Mills Construction Nevada, Inc. – Inspection 1526410

Nevada Revised Statutes 618.375(1): Duties of employers. Every employer shall furnish employment and a place of employment which are free from recognized hazards that are causing or are likely to cause death or serious physical harm to his or her employees.

At the jobsite, located below the Skybar Mezzanine structure under construction, near the impact area where the injured employee fell, five anchor bolts protruding from the concrete were not adequately guarded. The anchor bolts were 3/4-inch diameter and were protruding 2.5 inches above the concrete, creating a potential impalement hazard.

Abated During Inspection: The general contractor installed caps on the protruding anchor bolts, effectively guarding them.

2. Las Vegas Paving Corp – Inspection 1513730

Nevada Revised Statutes 618.375(1): Duties of employers. Every employer shall furnish employment and a place of employment which are free from recognized hazards that are causing or are likely to cause death or serious physical harm to his or her employees.

At the Viento Puntero Pit jobsite, located near Viento Puntero Drive and Crimson Sage Avenue, Henderson, Nevada 89012, Las Vegas Paving Corp did not ensure employees were protected from recognized hazards that are likely to cause death or serious physical harm. Employees attempting to clear a jam were exposed to the hazards associated with the unblocked hazardous motion. The employer did not ensure that controls were applied to ensure that the moving jaw was blocked against the hazardous motion before wedge bolts were loosened. On February 5, 2021, a die plate became jammed inside the crushing chamber of the Jaw Crusher (make: Pioneer, model: 4248, serial number: 723871). An employee began loosening bolts on the center wedge of the moving jaw to clear the jam, when the moving jaw released, striking, and pinning the employee against the frame of the equipment. The employee died on his way to the hospital as a result of his injuries. The employer did not ensure that that the moving jaw was blocked against hazardous motion before the center wedge bolts were loosened.

American National Standard Z244.1 - 2016 The Control of Hazardous Energy Lockout, Tagout and Alternative Methods

Section 1. Scope and Purpose

1.1 Scope

This standard covers machines, equipment, and processes in which the unexpected energization or start-up of the machines or equipment, release of stored energy or the actions of persons could result in harm.

This standard establishes requirements for the control of hazardous energy associated with machines, equipment or processes that could cause harm to personnel. The standard specifies the use of lockout (primary method), tagout or alternative methods to control hazardous energy associated with machines, equipment or processes that could cause harm to personnel.

This standard applies to activities such as erecting, installing, constructing, repairing, adjusting, inspecting, unjamming, set up, testing, troubleshooting, cleaning, dismantling, servicing and maintaining machines, equipment or processes.

Section 3. Definitions

3.15 Hazardous Energy

Any electrical, mechanical, hydraulic, pneumatic, chemical, nuclear, thermal, gravity or other energy that could cause harm to personnel.

7. Control of Hazardous Energy

7.1 General

Lockout or tagout shall be used to secure the energy-isolating device(s) to control hazardous energy to the machinery, equipment or processes from the energy source. Lockout shall be the primary method of hazardous energy control. Tagout is a less preferred method of controlling hazardous energy. The control of hazardous energy includes isolation, de-energization and verification, and shall take into consideration the impacts of residual energy.

Lockout is required in the following situations:

- When no risk assessment has been completed.
- When the tasks and/or hazards are unknown.

Lockout or tagout is required:

- During assembly and disassembly of the machine, equipment, or process.
- When energy is not required to perform the task

A feasible and acceptable means of abatement is to follow the requirements for the control of hazardous energy associated with machines contained in ANSI/ASSE Z244.1 - 2016.

3. Creative Tent International, Inc. – Inspection 1538245

Nevada Revised Statutes 618.375(2): Duties of employers. Every employer shall furnish and use such safety devices and safeguards, and adopt and use such practices, means, methods, operations and processes as are reasonably adequate to render such employment and places of employment safe and comply with all orders issued by the Division.

The employer did not furnish employment and a place of employment free from recognized hazards that cause or are likely to cause death or serious physical harm to his or her employees. In the cutting area and receiving area, employees were exposed to recognized serious hazards presented by forklift operation. Employees operated a forklift (brand: Nissan, model: MP1FA25LV, type: LP) to move fabric rolls and steel tent parts weighing up to approximately 2,000 pounds. On June 24, 2021, and June 30, 2021 employees operated the forklift without any form of restraining device or seatbelt that would protect them in the event of a tip-over that may dislodge or eject the operator.

Abated During Inspection: The employer enforced the use of adequate face coverings.

References:

ASME B56.1-1993 Safety Standard for Low Lift and High Lift Trucks

7.39 Operator Restraint Systems

" (a) Counterbalanced, center control, high lift trucks that have a sit-down, nonelevating operator position shall have a restraint device, system, or enclosure that is intended to assist the operator in reducing the risk of entrapment of the operator's head and/or torso between the truck and ground in the event of a tipover. Such means shall not unduly restrict the operation of the truck, e.g., the operator's mounting, dismounting, movement, and/or visibility."
