DIVISION OF INDUSTRIAL RELATIONS ADVISORY COUNCIL
Minutes of the Meeting, Tuesday, July 11 ,2023

1. Call to Order and Roll Call

At 10:07 a.m. on July 11, 2023, the meeting of the Advisory Council for the Division of Industrial Relations (DIR) was called to order by Vice Chairman Robert Benner. Roll Call was taken by Marisa Santizo. Maureen Ostby, Robert Benner, Jeff Seavey, Vincent Saavedra, and Ian Langtry attended via WebEx. It was determined a quorum was present. DIR staff present at the Las Vegas Office were Victoria Carreon, Valerie Hall, Todd Schultz, Christopher Eccles, Brennan Paterson, and Marisa Santizo. Jake La France attended the meeting at the Carson City office. Sam Taylor from the Attorney General's Office attended via WebEx.

2. Public Comment on items to which actions may be taken
No items for public comment were raised.

3. Approval of Minutes of Previous Meeting – July 11, 2023. Maureen Ostby made a motion to approve the minutes of the July 11, 2023, meeting as presented. Ian Langtry seconded the motion. The motion was approved unanimously.

4. FOR DISCUSSION: Division of Industrial Relations Activity Update

a. Administrator's Update (Victoria Carreon)

Administrator Carreon discussed how the State recently completed the Legislative Session. She also discussed three budget enhancements with CARDS, new positions, and salary increases to help with recruitment in 2023.

b. Mechanical Compliance Section-MCS (Brennan Paterson)

Brennan Paterson discussed some of the major accomplishments for the Mechanical Compliance section such as pressure vessel enforcement, stairway chairlifts in Nevada, and elevator safety enforcement. He also discussed FY24 key goals such as expanding the compliance engine to manage boiler/pressure vessel inspections and permitting process, along with obtaining digital invoice payment ability.

c. Mine Safety and Training Section-MSATS (Victoria Carreon)

Administrator Victoria Carreon gave an update on the Mine Safety and Training Section's inspections and training accomplishments.

d. Occupational Safety and Health Administration-OSHA (Jake La France)

Jake addressed the key issues in OSHA and mentioned the outreach and training highlights of 2023. Jake mentioned a few key goals for FY24 such as implementing a new drone program, a new Management Analyst I position, and using data from the WCS CARDS system to enhance targeting efforts.

e. Safety Consultation and Training Section-SCATS (Todd Schultz)

Todd shared the accomplishments and training highlights for SCATS in FY 2023. A major highlight was that SCATS provided 1,013 hours of safety and health training with 3,946 participants trained.

f. Worker's Compensation-WCS (Valerie Hall)

Valerie spoke about the upcoming 11th Annual Nevada Workers' Compensation Educational conference being held in Las Vegas. She also shared current WCS accomplishments in FY 2023 such as Employer Compliance Unit investigators conducting 188 site visits in Pahrump, Boulder City, and Laughlin.

5. Regulations Update

a. Mechanical Compliance Section-MCS

Senior attorney Chris Eccles addressed regulation updates for R034-21RP2 and announced that all documents are with LCB and waiting to be placed on the Legislative Commission Agenda.

b. Occupational Safety and Health Administration-OSHA

Senior attorney Chris Eccles addressed regulation updates for R053-20RA related to heat illness.

c. Worker's Compensation-WCS

Senior attorney Chris Eccles presented regulation updates for R134-20RA, R032-21RP3, and the temporary regulation on lump sum permanent partial disability payments. He also provided status on the regulation review required by Executive Order 2023-003.

6. Legislative Update

a. AB165

Senior Attorney Chris Eccles provided updates and explained that AB165 was approved by Governor Lombardo on March 22, 2023.

b. SB274

Senior Attorney Chris Eccles provided an update on SB274, which was approved by the Legislature.

7. Review and comments on OSHA quarterly complaint report for January – March 2023 (NRS 618.336 and NRS 232.600) (Jake La France)

No questions or comments.

8. Review of OSHA quarterly report on violations of NRS 618.375 for January- March 2023 (NRS 618.347) (Jake La France)

No questions or comments.

9. Agenda items for next scheduled meeting. (Chair)

No recommendations at this time.

10. Discussion on possible investigations or studies to be conducted (NRS 232.600). (Chair)

No recommendations at this time.

11. Public Comment (Chair)

No items for public comment were raised.

12. Adjournment:

Motion to adjourn at 10:45 am by Maureen Ostby and seconded by Ian Langtry.

DRAFT

WORKING TOGETHER TO PUT SAFETY AND HEALTH FIRST IN NEVADA

Division of Industrial Relations

ADVISORY COUNCIL MEETING

TUESDAY, OCTOBER 03, 2023

Item 4: DIR Administrator's Activity Update - Victoria Carreon

- Key Accomplishments
 - Regulations adopted by Legislative Commission
 - Organizational Health
 - Outreach
- Key Issues
 - New positions approved in adopted budget
 - Implementation of Legislation
 - Implementation of items included in Adopted Budget

Item 4: Mechanical Compliance Section Activity Update - Brennan Paterson

- The MCS continues to work full speed ahead as new projects come online in Nevada, and especially in Clark County. Elevator, boiler, and HVAC inspections at Durango Station, MSG Sphere, Fontainebleau, and the Formula 1 race circuit have used many inspector resources, but the MCS has met the challenge.
- The MCS has continued productive collaboration with other agencies, including the Nevada Division of Environmental Protection and many local fire jurisdictions to improve training, visibility of regulated items, and general safety.
- Recent updates to NAC 455C have provided clarity and flexibility for building owners regarding access to elevator spaces and timelines for required elevator upgrades.

The Fontainebleau site, which contains 167 elevators and 122 boilers and pressure vessels.

Item 4: Mine Safety and Training Section Activity Update - Rodney Neils

- 36th Annual Nevada Safety Olympiad held at the Winnemucca Event Center
 - Teams from Nevada, Wyoming and Utah participated
 - Tested emergency response skills through a variety of scenarios
- MSATS has investigated two mine related fatalities to date in 2023
- Nevada predicted to become the leading producer of lithium with the Thacker Pass operation

Item 4: Occupational Safety and Health Administration Activity Update - William Gardner

- Adopted Federal OSHA's National Emphasis Programs (NEP) on Falls and Warehousing
 - Guidance on website for each NEP
- Federal OSHA will be conducting their bi-annual routine audit of the Nevada State Plan in October.
- Nevada OSHA will be conducting its annual audit of casefiles to ensure objectives are being met and accountability is being maintained.
- OSHA has received approximately 384 heat complaints in 2023.
 - Excludes external referrals
- OSHA has conducted inspections based on the NEP for Heat Illness
 - 62 inspections with heat as primary emphasis
 - 108 inspections included heat as secondary emphasis
 - No heat-related citations issued

OSHA is investigating an accident at the Bellagio's show "O" where a performer initiated an acrobatic dive and landed in shallow water striking their head.

Item 4: Safety Consultation and Training Section Activity Update - Todd Schultz

Outreach Events

Stirling Club Insider Meeting – 7/11/23

Henderson Business EXPO – 9/13/23

Nevada Professional Facility Managers Association (NPFMA) – 9/14/23

Nevada's Center for Entrepreneurship and Technology (NCET) – 9/29/23

OSHA Safe and Sound Week

SCATS partnered with Foundation for Recovery and offered a one-hour presentation that focused on mental wellness. – 8/11/23

Cooperative Programs VPP and SHARP

VPP – US Ecology achieved VPP Star status – 9/13/23

VPP – Tesla Gigafactory audit is scheduled for 10/30/23 – 11/03/23

SHARP – Aliante Casino Hotel – 7/28/23

SHARP – Komatsu Equipment Company – 8/22/23

New Program Coordinator position

Henderson Chamber – “Ready, Set, Expo” – 9/13/23
SCATS’ Staff left to right – Chris Davis, Reed Whipple,
Bobby Albright, and Norma Ramirez

Item 4: Workers' Compensation Section Activity Update - Valerie Hall

- The 11th Annual Workers' Compensation Educational Conference was held September 7-8 at Tuscan Suites & Casino.
 - 280 attendees enjoyed presentations and panel discussions by 32 speakers, as well as products and information from 23 exhibitors.
- The Employer Compliance Unit (ECU) exceeded Performance Standards in August, bringing more than 62% of Nevada employers without workers' compensation coverage into compliance with mandatory coverage provisions.
 - ECU sweeps, site visits, and outreach events help ensure workers' compensation benefits for Nevada's injured workers.

Item 5: Regulations Update

a) Regulations Approved by Legislative Commission August 21, 2023

- 1) [R034-21RP2](#) – Clean-up regulation, including certification requirements to do construction and alterations on an elevator and timeline with compliance with safety.
- 2) [R134-20RA](#) – Workers’ Compensation SB381 changes from 2019 Legislative Session
- 3) [R032-21RP3](#) – Workers’ Compensation SB289 changes from 2021 Legislative Session

b) Regulations pending with Legislative Counsel Bureau pursuant to Executive Order [2023-008](#)

- 1) [R025-23I](#) – Revisions to Mechanical Compliance Section NAC 455C
- 2) [R026-23I](#) – Revisions to Mine Safety and Health NAC 512
- 3) [R027-23I](#) – Revisions related to occupational safety NAC 618
- 4) [R028-23I](#) – Revisions related to workers’ compensation NAC 616A, 616B, & 616D)

c) Regulations being drafted

- 1) Workers’ Compensation - implementation of SB274 and AB244 changes from 2023 Legislative Session (a draft of the proposed regulation was sent to the Legislative Counsel Bureau on September 25, 2023)
- 2) Heat Illness

Item 6: OSHA Complaint Report - William Gardner

- See supplemental material.

Item 7: OSHA quarterly report on violations of NRS 618.375 for April – June 2023 (NRS 618.347) - William Gardner

- See supplemental material.

C-2023407	The Boring Company		04/24/2023	Phone	Y	Y	Closed	O-Safety	1. In Tunnels 1 & 2, employees who are not electricians are being tasked with pulling live, 480-volt junction boxes out of the water and are removing water from junction boxes due to water making its way into poorly installed conduit. 2. There is no lockout tagout procedure for employees checking on the junction boxes. 3. In the Tunnel 2 bypass area, construction is being completed. Water is ankle-deep and sump pumps are required. Employees are being electrically shocked when plugging the sump pumps into a portable generator. 4. In the Tunnel 2 bypass area, extension cords are being run underwater, resulting in a shock hazard. 5. Employees and management working in the tunnels and performing construction do not have their OSHA 10 or OSHA 30 cards. 6. At the main warehouse located at 3395 Cambridge Street, the only forklift has been poorly maintained. Employees had complained about struggling to operate the forklift due to poor brakes. Approximately 2 months ago, an employee was operating the tunnels' forklift and heading down a steep ramp. The forklift brakes failed, resulting in the forklift rolling down the ramp without brakes. 7. In the phase 2 tunnel at the west station, emergency egress doors had defective springs. Instead of requesting the manufacturer to replace them, the onsite maintenance team was required to replace the 90-pound compressed springs without proper tools exposing employees to a struck-by hazard in the instance the compressed spring was uncontrolled. 8. In the Phase 2 tunnel, maintenance employees were assigned to remove old fireproofing paint with grinders but were only provided N95s to complete the task. Per the manufacturer, employees should use a Tyvek suit and a respirator, but management never provided employees with the appropriate PPE.	\$0.00
C-2023506	University Medical Center		04/24/2023	Phone	Y	N	Closed	O-Safety	1. In the engineering warehouse, employees who operate the forklift have not been recertified in over 3 years.	Resolved through inquiry process.
C-2023638	Desert Palace LLC	Caesar's Palace	04/24/2023	Phone	N	N	Closed	O-Health	1. In the basement of the Nobu Tower near engineering, there is a sewage smell which is causing employees to become nauseous. cw 4/24/23	Resolved through inquiry process.
C-2024608	Nevada LandCare USA, LLC	LandCare	04/26/2023	Phone	Y	N	Closed	O-Health	1. There is concern the employees do not access to drinking water and shade at the satellite jobsite location, which has resulted in an employee suffering a heat stroke. 4/26/2023 AB	Resolved through inquiry process.
C-2026013	Rise		04/28/2023	Phone	N	N	Closed	O-Health	1. There is concern regarding the indoor air quality, where employees have complained of symptoms, including coughing and difficulty with breathing, that started around the beginning of the year and have progressively worsened. The symptoms improve when they leave the worksite and are thought to be associated with a black soot-like substance coming from the air conditioning vents. 04/28/2023 SM	Resolved through inquiry process.

Advisory Council**NRS 618.347 – Report Concerning Issuance of NRS 618.375(1), NRS 618.375(2)****General Duty Citations by the Division****4th Quarter FY23: April – June 2023****1. Clover Cable Construction - Inspection 1641229**

Alleged Violation Description Nevada Revised Statute 618.375(1): Every employer shall furnish employment and a place of employment which are free from recognized hazards that are causing or are likely to cause death or serious physical harm to his or her employees.

The employer did not ensure employees were protected from recognized hazards likely to cause death or serious physical harm. Employees were exposed to serious hazards presented by unsecured storage racks. The Uline Pallet Rack (model: IH-5715), also known as the "H6" Uline Pallet Rack, was not secured.

All rack columns of the "H6" Uline Pallet Rack (model: IH-5715) were not anchored to the floor with anchor bolts in the rear, the east side wall of the warehouse.

The Uline Pallet Rack is accessed by one employee who loads and unloads materials with a forklift from the rack. The employee was exposed to possible serious injuries in the event the rack tipped over.

Reference: 1.4.7 of ANSI MH16.1-2008 Specification for the Design, Testing, and Utilization of Industrial Steel Storage Racks.

Section 1.4.7 Column Base Plates and Anchors;

The bottom of all columns shall be furnished with column base plates, as specified in Section 7.2. In addition, all rack columns shall be anchored to the floor with anchor bolts capable of resisting the forces caused by the horizontal and vertical loads on the rack.

A feasible means of abatement would be for the employer to follow the requirements of American National Standards Institute (ANSI) MH16.1-2008. The employer must ensure that the column base plates of each storage rack are correctly anchored to the floor.

Proposed Penalty \$7,032.00

2. Western Nevada Transload – Inspection 1650659

Nevada Revised Statute 618.375(1): Duties of employers. Every employer shall furnish employment and a place of employment which are free from recognized hazards that are causing or are likely to cause death or serious physical harm to his or her employees.

Located at the jobsite, 11000 Reno Highway, Fernley, NV: The employer failed to furnish a place of employment which was free from recognized hazards that was likely to cause death or serious physical harm to employees. Employees were allowed to work in a confined space, where a gasoline auger powerhead was being operated. The work continued intermittently throughout the day for three to four months.

References; A) The owner's manual for the gasoline auger powerhead used by employees in a permit-required confined space on the front page stated, " Using an engine indoors CAN KILL YOU IN MINUTES. Engine exhaust contains carbon monoxide. This is a poison you cannot see or smell." The manual further stated, "WARNING! Read all instructions. Failure to follow all instructions listed below may result in fire, serious injury and/or DEATH."

Abatement: One feasible and acceptable means of abatement is to follow all gasoline auger powerhead manufacturer recommendations for safe operation and not use this type of equipment indoors.

Proposed Penalty \$4,219.00
