

What Is Worker Misclassification?

Claudia Bueno, Compliance/Audit Investigator III, Department of Employment, Training and Rehabilitation - is a Compliance Audit Investigator III with Nevada Department of Employment, Training, and Rehabilitation (DETR). She has been with DETR for over 15 years and during this time she has had the opportunity to hold various jobs; she has been a Claims Examiner, an Adjudicator, a Fraud Investigator, and an Auditor. In her current position as a Compliance Audit Investigator, she is responsible for overseeing investigations involving worker misclassification practices, as well as payrolling practices that are illegal under Nevada Unemployment Compensation Law. Although it may be a challenging job at times, at the end of the day it is all worthwhile if she is able to assist and educate Nevada employers about Nevada unemployment wage reporting laws.
