

The Growing Impact of PTSD in Workers' Compensation

Jamie Cichon, M.D., Psychiatrist, Just Live Clean, LLC. - Dr. Cichon was raised in Las Vegas and went to the Meadows School. She then went to Washington University for her undergraduate studies. She studied abroad in Madrid, where she also taught yoga in countries across Europe. Upon returning from Spain, she went to medical school at UNSOM. She is the only physician dual board certified in psychiatry/neurology and brain injury medicine. She maintains a busy practice centered on patient care in Las Vegas. Dr Cichon believes health and wellness are important and enjoys traveling, swimming, hiking, and attending martial arts events with her husband.
