Pursuant to NRS 233B.0608 and 233B.0609, the Division is providing the following statements pertaining to the hearing on the proposed additions and amendments to Chapters 455C and 512 of the NAC.

The need and purpose of the proposed revisions to regulations: *During the 2023 Legislative Session, Senate Bill 274 (SB274) was passed, which required the Division to adopt regulations to carry out the provisions of the enacted statutes. Specifically, Section 9 of SB274 required the Administrator to adopt regulations prescribing the form in which a list of physicians and chiropractic physicians created by an employer, insurer, or third-party administrator must be maintained. SB274 also amended provisions of NRS Chapters 616A through 617 regarding claims administration from locations outside of the state; access to claims files; submissions of certain correspondence and documents to an insurer, third-party administrator, or organization for managed care; selection of rating physicians or chiropractic physicians to examine or evaluate injured employees; appointment to the panel of treating physicians and chiropractic physicians; qualifications for rating physicians and chiropractic physicians; ratings performed by physicians and chiropractic physicians; and benefit penalties.*

*To that end, and in compliance with SB274, the Division reviewed the purpose of the regulations, which were amended to revise the list of forms required to be used in the administration of claims for workers' compensation; requiring an insurer to submit certain information to the Administrator of the Division of Industrial Relations of the Department of Business and Industry; revise requirements for the maintenance and reproduction of certain files or forms relating to certain insurance claims; require the Administrator to assign a provider identification number to a person appointed to the panel of physicians or chiropractic physicians maintained by the Administrator; set forth certain requirements concerning the manner in which a rating physician or chiropractic physician is selected to perform certain examinations or evaluations; revise requirements relating to an insurer's list of physicians and chiropractic physicians from which an injured employee may choose to receive treatment; revise certain requirements for a person to qualify for and maintain the designation of a rating physician or chiropractic physician; revise the circumstances under which the Administrator will take certain disciplinary action against a rating physician or chiropractic physician; revise the circumstances under which a rating physician or chiropractic physician may suspend certain examinations; revise the time period in which an insurer or employer must notify an injured employee of the time and place of certain examinations; revise certain provisions relating to the amount and calculation of a benefit penalty; and provide other matters properly relating thereto.*

The estimated economic effect of the proposed regulations on (a) regulated businesses and (b) the public, including, stated separately: (i) adverse and beneficial effects; and (ii) immediate and long-term effects:

(a) Regulated businesses:

(i) Adverse and beneficial effects:

*The Division anticipates no adverse effects, either direct or indirect, on regulated businesses as the result of these regulations. The adverse effects, if any, are difficult to determine at this time. There will be no direct or indirect cost to regulated or small businesses.*

*The Division believes that there will be no beneficial effects, direct or indirect, on regulated or small businesses as the result of these regulations.*

(ii) Immediate and long-term effects:

*The Division does not anticipate any immediate or long-term effects, either adverse or beneficial, on regulated or small businesses as a result of these regulations. There will be no direct or indirect costs to regulated or small businesses.*

(b) The public:

(i) Adverse and beneficial effects:

*The Division does not anticipate any adverse effects, either direct or indirect, on the public as the result of these regulations.*

*The Division anticipates beneficial effects on the public, including additional transparency added to the assignment of rating physicians and chiropractic physicians. The regulations seek to lay out the process in which a rating physician or chiropractic physician is assigned at random. The regulations further seek to update the requirements for a physician or chiropractic physician to be included in the list of treating physicians and chiropractic physicians. Additionally, the regulations seek to clarify the amount to be imposed for benefit penalties under NRS 616D.120.*

*There will be no direct or indirect cost to the public.*

(ii) Immediate and long-term effects:

*The Division does not anticipate any immediate or long-term effects, either adverse or beneficial, on the public as a result of these regulations. There will be no direct or indirect costs to the public.*

The estimated cost to the Division for enforcement of the proposed regulations: *The Division does not anticipate incurring any additional cost for these proposed permanent regulations.*

The Division believes that the proposed regulation does not overlap or duplicate any existing regulation. *The proposed regulation is not required by federal law and there is no equivalent federal law.*

The proposed regulation does not establish a new fee or increase an existing fee. *The proposed regulation does not provide for a new fee or increase an existing fee payable to the Division.*

The Division invites representatives of regulated businesses and the public to attend the public hearing and/or prepare written and/or oral comments concerning the proposed regulations. A copy of the proposed language for LCB File No. R076-23, may be downloaded from the Division's website: <http://dir.nv.gov/Meetings/Meetings/>. ### **Legislative Counsel's Digest:**

Existing law requires the Administrator of the Division of Industrial Relations of the Department of Business and Industry to regulate forms of notice, claims and other blank forms deemed proper and advisable. (NRS 616A.400) Existing regulations set forth a list of forms and require an insurer, employer, injured employee, provider of health care, organization for managed care or third-party administrator to use those forms in the administration of claims for workers' compensation. (NAC 616A.480) **Section 1** of this regulation adds additional forms to the list and revises the names of certain existing forms on the list.

Before the enactment of Senate Bill No. 274 (S.B. 274) of the 2023 Legislative Session, existing law required a person who acts as a third-party administrator pursuant to the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act to administer claims arising under each plan of insurance that the person administers from one or more offices located in this State. (NRS 616B.503, as that section existed before January 1, 2024) S.B. 274 removed that requirement and established certain authorizations and requirements concerning the administration of claims arising under the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act, including, without limitation, authorizing certain persons to administer such claims at a location outside this State, subject to various requirements. (NRS 616B.503, as amended by section 5 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3615; section 2 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3614 (NRS 616B.0275)) **Section 4** of this regulation revises existing regulations which were adopted before the enactment of S.B. 274 and which require claims of injured workers concerning industrial injuries to be administered in this State to instead require such claims to be administered in accordance with the provisions of existing law concerning the administration of claims, as amended by S.B. 274.

Before the enactment of S.B. 274, existing law required certain insurers to maintain an office in this State that is operated by the insurer or its third-party administrator and to provide access to files relating to industrial insurance claims at that office. (NRS 616B.021, as that section existed before January 1, 2024; NRS 616B.027, as that section existed before January 1, 2024) S.B. 274 revised the requirements relating to access to such files to instead: (1) require an insurer to make such files available for inspection and reproduction by electronic means or at an office operated by the insurer or its third-party administrator located in this State; and (2) authorize the insurer to keep physical records concerning a claim filed in this State at a location outside this State if those records are made available for inspection and reproduction in certain electronic forms or at an office located in this State. (NRS 616B.021, as amended by section 3 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3614) Existing regulations adopted before the enactment of S.B. 274 require claim files to be maintained at an office located in this State and, for a claim file maintained by an insurer or third-party administrator, available for inspection at an office of the insurer or third-party administrator in this State. (NAC 616B.010, 616B.013) **Sections 3 and 4** of this regulation revise those requirements to instead require claim files maintained by an insurer or third-party administrator to be made available for inspection and reproduction in accordance with the provisions of existing law concerning the availability of claim files, as amended by S.B. 274. **Section 3** additionally revises certain requirements concerning the submission of certain correspondence and documents to an insurer, third-party administrator or organization for managed care.

Existing law authorizes certain persons to select or request that the Administrator select a rating physician or chiropractic physician at random from the list of qualified physicians or

chiropractic physicians maintained by the Administrator to examine or evaluate an injured employee under certain circumstances. (NRS 616C.100, as amended by section 11 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3622, NRS 616C.145, as amended by section 12 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3623, NRS 616C.330, as amended by section 15 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3627, NRS 616C.360, as amended by section 16 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3628, NRS 616C.490, as amended by section 17 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3630) **Section 7** of this regulation sets forth various requirements concerning that selection process. Under **section 7**, a person who wishes to select or request that the Administrator select a rating physician or chiropractic physician is required to submit to the Administrator a specified form to initiate the selection process. **Section 7** requires the Administrator to then select a rating physician or chiropractic physician at random from the list of qualified physicians or chiropractic physicians designated by the Administrator, subject to certain geographic considerations set forth in **section 8** of this regulation. **Section 7** sets forth certain requirements for providing certain notice relating to the selection of a rating physician or chiropractic physician, including, without limitation, the notice required if the rating physician or chiropractic physician wishes to decline a selection. **Section 13** of this regulation makes failing to provide the required notice concerning the declination of a selection grounds for the taking of certain disciplinary action by the Administrator against a rating physician or chiropractic physician. **Section 14** of this regulation revises provisions relating to the selection of a rating physician or chiropractic physician by an insurer to conform to the procedures set forth in **section 7**.

Existing law requires the Administrator to establish, maintain and update a panel of physicians and chiropractic physicians who have demonstrated special competence and interest in industrial health to treat injured employees under the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act. (NRS 616C.090, as amended by section 10 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3619) **Section 6** of this regulation requires the Administrator to assign a provider identification number to each physician or chiropractic physician who is appointed to the panel of physicians or chiropractic physicians.

Existing law requires the Administrator to publish a report each calendar quarter containing the name of each rating physician or chiropractic physician who conducted certain examinations or evaluations of an injured employee in the immediately preceding calendar quarter. (Section 7 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3616 (NRS 616C.092)) Existing law requires an insurer to provide certain information to the Administrator, if required for establishing and maintaining the index of claims. (NRS 616B.018) **Section 2** of this regulation provides that, if a rating physician or chiropractic physician has determined the percentage of disability for an injured employee, the name of the rating physician or chiropractic physician and the date on which the determination was made are required to be: (1) included with any information submitted by the insurer for establishing and maintaining the index of claims; and (2) submitted to the Administrator by the insurer within 30 days after the date on which the determination was made.

Existing law requires an insurer to keep a list of physicians and chiropractic physicians who are included on the panel maintained by the Administrator from which an injured employee may choose to receive treatment. Existing law requires the Administrator to adopt regulations prescribing the form in which such a list created by an employer, insurer or third-party administrator must be maintained. (NRS 616C.087, as amended by section 9 of Senate Bill No.

274, chapter 535, Statutes of Nevada 2023, at page 3617) **Section 9** of this regulation requires an employer, insurer or third-party administrator to submit certain information concerning the physicians or chiropractic physicians on the list to an electronic database established by the Division.

Existing law requires an insurer's list of physicians and chiropractic physicians to contain a certain minimum number of physicians and chiropractic physicians in certain specified disciplines or specializations and in other disciplines or specializations. If the insurer fails to maintain a list that complies with those requirements, existing law authorizes an injured employee to choose a physician or chiropractic physician from the panel of physicians and chiropractic physicians maintained by the Administrator. Additionally, existing law prohibits an insurer from involuntarily removing a physician or chiropractic physician from its list except for good cause. (NRS 616C.087, as amended by section 9 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3617) **Section 10** of this regulation requires an insurer to submit to the Administrator an updated list within 60 days after the involuntary removal of a physician or chiropractic physician that results in the list failing to comply with the minimum number of physicians or chiropractic physicians in a discipline or specialization. **Section 10** provides that the provisions authorizing an injured employee to choose a physician or chiropractic physician from the panel maintained by the Administrator, if the list fails to comply with certain requirements, do not apply during the 60-day period between the involuntary removal of a physician or chiropractic physician from the list and the submission of an updated list, with respect to the selection of a physician or chiropractic physician in the discipline or specialization of the removed physician or chiropractic physician.

Existing law requires the Administrator to maintain a list of qualified rating physicians and chiropractic physicians designated by the Administrator. (NRS 616C.490, as amended by section 17 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3630) Existing regulations establish various requirements for a person to qualify for and maintain the designation of a rating physician or chiropractic physician. (NAC 616C.021) **Section 11** of this regulation revises those requirements. **Section 11** also sets forth certain exceptions from certain requirements for qualification and specifies the types of rating evaluations for a permanent partial disability that certain rating physicians or chiropractic physicians are authorized to perform. **Sections 12 and 19** of this regulation eliminate those exceptions and specifications effective on July 1, 2026.

Existing regulations prohibit a rating physician or chiropractic physician from rating the disability of an injured employee if the rating physician or chiropractic physician has engaged in certain activities with respect to the injured employee. (NAC 616C.021) **Section 11** revises the circumstances under which a rating physician or chiropractic physician is prohibited from rating the disability of an injured employee.

Existing regulations authorize an injured employee, employer, insurer or third-party administrator to have his or her attorney or other representative present during a rating evaluation for a permanent partial disability if permitted by the rating physician or chiropractic physician. Existing regulations also authorize the rating physician or chiropractic physician to request that the attorney or representative leave the examination room or terminate the examination: (1) if the attorney or representative disrupts the examination; or (2) to protect the privacy of the injured employee. (NAC 616C.109) **Section 15** of this regulation instead authorizes the rating physician or chiropractic physician to suspend the examination if the attorney or representative disrupts or attempts to participate in the examination.

Existing regulations require an insurer or employer who requests that an injured employee who has filed a claim for compensation submit to a medical examination to notify the injured employee in writing of the time and place of the medical examination within a certain period of time. (NAC 616C.1162) **Section 16** of this regulation revises that period of time.

Existing law requires the Administrator under certain circumstances to order an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization to pay a claimant a benefit penalty for refusing to process a claim for compensation or committing certain other violations of the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act. (NRS 616D.120, as amended by section 20 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at page 3635) S.B. 274 increased the minimum amount of such a benefit penalty from \$5,000 to \$17,000 and the maximum amount of such a benefit penalty from \$50,000 to \$120,000 with respect to claims which are filed on or after January 1, 2024. (Sections 20 and 23 of Senate Bill No. 274, chapter 535, Statutes of Nevada 2023, at pages 3635 and 3640, respectively) **Section 17** of this regulation revises existing regulations which set forth the method by which the Administrator will determine the amount of a benefit penalty to reflect the minimum and maximum amount of such a penalty as set forth under existing law, as amended by S.B. 274. (NAC 616D.411) **Section 18** of this regulation specifies that such amounts are applicable only with respect to claims which are filed on or after January 1, 2024. **Section 17** additionally defines the term “claim” for the purposes of existing regulations which set forth the method by which the Administrator will determine the amount of a benefit penalty.

**Section 1.** NAC 616A.480 is hereby amended to read as follows:

**DEPARTMENT OF BUSINESS AND INDUSTRY  
DIVISION OF INDUSTRIAL RELATIONS**

**SMALL BUSINESS IMPACT STATEMENT**  
AS REQUIRED BY NRS 233B.0608 AND 233B.0609  
**LCB FILE NO. R076-23**

**Note: Small Business is defined as “a business conducted for profit which employs fewer than 150 full-time or part-time employees.” (NRS 233B.0382).**

**1. Describe the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary.**

**ANSWER:** To determine whether the proposed regulations are likely to have an impact on small businesses, the Division considered the purpose and scope of the proposed regulations. The proposed regulations revise provisions of NAC 616A through 617 by revising the names of certain forms used in the administration of claims for workers' compensation; requiring an insurer to submit certain information to the Administrator of the Division of Industrial Relations of the Department of Business and Industry; revising requirements for the maintenance and reproduction of certain files or forms relating to certain insurance claims; requiring the Administrator to assign a provider identification number to a person appointed to the panel of physicians or chiropractic physicians maintained by the Administrator; setting forth certain requirements concerning the manner in which a rating physician or chiropractic physician is selected to perform certain examinations or evaluations; requiring certain physicians or chiropractic physicians to annually submit to the Administrator a certification indicating certain information; requiring certain employers, insurers and third-party administrators to submit certain information to an electronic database established by the Division; revising certain requirements for a person to qualify for and maintain the designation of a rating physician or chiropractic physician; revising the circumstances under which the Administrator will take certain disciplinary action against a rating physician or chiropractic physician; revising the circumstances under which a rating physician or chiropractic physician may suspend certain examinations; revising the time period in which an insurer or employer must notify an injured employee of the time and place of certain examinations; revising certain provisions relating to the amount and calculation of a benefit penalty; and providing other matters properly relating thereto.

In addition, on April 17, 2024, the Division sent out a Small Business Impact Statement Questionnaire to interested parties on the Division's Listserv, which includes 16,114 recipients. The Questionnaire inquired from small businesses whether they believed there would be any economic effects, adverse or beneficial, direct or indirect, on their respective businesses from the

proposed regulation. The deadline to return the questionnaire was April 23, 2024. As of this date, the Division received three (3) responses as follows:

1. Michelle McCullough, on behalf of Seminole HR Holdings LLC for HR Nevada LLC. Michelle McCullough indicated that her organization had 150 or more employees and was therefore not a small business as defined in NRS 233B.0382.
2. DeeDee Cenac, on behalf of Reno Sparks Convention & Visitors Authority. DeeDee Cenac indicated that her organization had 150 or more employees and was therefore not a small business as defined in NRS 233B.0382.
3. Pat Jenkins, on behalf of SGPS Showrig. Pat Jenkins indicated that the organization had 150 or more employees and was therefore not a small business as defined in NRS 233B.0382.

Based on this review, the Division determined that this regulation will have no direct effect on small businesses, either adverse or beneficial, and will also have no indirect effect on small businesses, either adverse or beneficial.

**2. The manner in which the analysis was conducted.**

**ANSWER:** As noted in Answer 1, on April 17, 2024, the Division sent out a Small Business Impact Statement Questionnaire to interested parties on the Division's Listserv. The Questionnaire inquired from small businesses whether they believed there would be any economic effects, adverse or beneficial, direct or indirect, on their respective businesses from the proposed regulation. The deadline to return the questionnaire was April 23, 2024. As of this date, the Division received three (3) responses as follows:

1. Michelle McCullough, on behalf of Seminole HR Holdings LLC for HR Nevada LLC. Michelle McCullough indicated that her organization had 150 or more employees and was therefore not a small business as defined in NRS 233B.0382.
2. DeeDee Cenac, on behalf of Reno Sparks Convention & Visitors Authority. DeeDee Cenac indicated that her organization had 150 or more employees and was therefore not a small business as defined in NRS 233B.0382.
3. Pat Jenkins, on behalf of SGPS Showrig. Pat Jenkins indicated that the organization had 150 or more employees and was therefore not a small business as defined in NRS 233B.0382.

**3. The estimated economic effect of the proposed regulation on the small businesses which it is to regulate, including, without limitation:**

- (a) Both adverse and beneficial effects; and**
- (b) Both direct and indirect effects.**

**ANSWER:** The Division anticipates no adverse or beneficial effects, either direct or indirect, on regulated businesses as the result of these regulations. The adverse effects, if any, are difficult to determine at this time. There will be no direct or indirect cost to regulated or small businesses.

**4. Describe the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods.**

**ANSWER:** Because there will be no adverse impacts on small businesses in general, there are no methods available to reduce the impact the Division could have considered.

**5. The estimated cost to the agency for enforcement of the proposed regulation.**

**ANSWER:** There is no additional cost to the agency for enforcement of this regulation.

**6. If the proposed regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.**

**ANSWER:** The proposed regulation does not provide for a new fee or increase an existing fee payable to the Division.

**7. If the proposed regulation includes provisions which duplicate or are more stringent than federal, state or local standards regulating the same activity, an explanation of why such duplicative or more stringent provisions are necessary.**

**ANSWER:** The proposed regulation does not include any provisions which duplicate or are more stringent than existing federal, state, or local standards.

**8. The reasons for the conclusions of the agency regarding the impact of a regulation on small businesses.**

**ANSWER:** The Division complied with NRS 233B.0608 by considering the purpose and scope of the proposed amendments. The purpose of the proposed regulations revise provisions of NAC 616A through 617 by revising the names of certain forms used in the administration of claims for workers' compensation; requiring an insurer to submit certain information to the Administrator of the Division of Industrial Relations of the Department of Business and Industry; revising requirements for the maintenance and reproduction of certain files or forms relating to certain insurance claims; requiring the Administrator to assign a provider identification number to a person appointed to the panel of physicians or chiropractic physicians maintained by the Administrator; setting forth certain requirements concerning the manner in which a rating physician or chiropractic physician is selected to perform certain examinations or evaluations; requiring certain physicians or chiropractic physicians to annually submit to the Administrator a certification indicating certain information; requiring certain employers, insurers and third-party administrators to submit certain information to an electronic database established by the Division; revising certain requirements for a person to qualify for and maintain the designation of a rating physician or chiropractic physician; revising the circumstances under which the Administrator will take certain disciplinary action against a rating physician or chiropractic physician; revising the circumstances under which a rating physician or chiropractic physician may suspend certain examinations; revising the time period in which an insurer or employer must notify an injured employee of the time and place of certain examinations; revising certain provisions relating to the amount and calculation of a benefit penalty; and providing other matters properly relating thereto.

The Division made a concerted effort to determine whether the proposed regulations impose a direct or significant economic burden upon small businesses, or directly restricts the formation, operation, or expansion of a small business. Specifically, on April 17, 2024, the Division sent out a Small Business Impact Statement Questionnaire to interested parties on the Division's Listserv. The Questionnaire inquired from small businesses whether they believed there would be any economic effects, adverse or beneficial, direct or indirect, on their respective businesses from the proposed regulation. The deadline to return the questionnaire was April 23, 2024. As of this date, the Division received three (3) responses, all of which were from business that had 150 or more employees.

The Division determined that these regulations will have no adverse effect on small businesses and will not restrict the formation, operation or expansion of small businesses.

I, VICTORIA CARREÓN, Administrator of the Division of Industrial Relations, certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small businesses and that the information contained in the statement was prepared properly and is accurate.

DATED this 2<sup>nd</sup> day of May, 2024.

  
VICTORIA CARREÓN, Administrator
